JUDGE HOOK REFUSES

To Remove Two Rock-Island Damage Suits

TO U. S. CIRCUIT COURT

McTaggart's Suit Goes to a Higher Court,

Judge Hook of the federal court has Fendered his decision in regard to the tnotion which was made asking for the removal of three damage suits against the Rock Island ratiroad from the displet court of this county to the federal court. Word was received Yesterday concerning the cases by Houston & Brooks who are the attorneys for the parties bringing the suits.

The first case of the three, and one of the most important of the entire number of cases brought as a result of the accident at the time of Buffalo Bill's show in this city two years ago, is the one of John C. Marshall, administrator of the estate of his wife. The amount of this suit is \$10,000, and is brought for damages owing to the death of Mrs. Mar-

Judge Hook refused to remove this care from the district court owing to the fact that there is a low stating that the appileation for the removal of a case to the federal courts from the state courts most be made at or before a term at which the case may be tried. This case could have been tried in the district court last January, but was carried over. Owing to the fact that it had been filed in time for a hearing in a previous term of the

The second case was that of George Mc Taggart versus the Rock Island railroad and is for personal injuries to the int of \$15,000. The ruling of Judg Hook in this case will remove it from the district court to the federal court The causes for the removal, as stated in the motion, were that the defendant company were not able to get justice in the state courts owing to the prejudice

The third case is that of C. G. Durane against the Rock Island, in which he gues for \$15,500 for the loss of the servbos of his wife, who was injured in the show accident. At the present time there is a petition in the court for the removal twenship. Owing to the fact that this petition is now pending in the court Judge Hook refused to give a decision in matter and dismissed the motion without prejudice, allowing the defendant the privilege of renewing the motion at some

Hook, who immediately left for the lakes. The question in regard to the removal of the cases has attracted much attention because of the fact that such a move is unusual in these suits, cases how in the district court will come during this term and will be herly confisted by the attorneys.

Can You Afford to Look Unsuccessful?

It is agreed by "all the world" that "proper" clothing is a sign of prosperity. Our new fall stock of "proper" clothing, dependable in make, in style, in material, is ready.

Some of it is all wool, and-some of it is "manipulated" suitings (wool and cotton mixtures) that are sold by most dealers as all wool, but here at this good clothing store we're not afraid to "call a spade a spade."

A few dollars invested with us will give you all the appearance of success, if you are successful, or help you attain it if you are not.

We sell everything a boy wears except shoes, and we'll be open till 10:30 this evening. Is your boy becomingly clad for school? Remember, it begins Monday.
